Endonovo Therapeutics, Inc. and Subsidiaries
Notes to Condensed Consolidated Financial Statements

Note 1 - Organization and Nature of Business

Endonovo Therapeutics, Inc. and Subsidiaries (the "Company" or "ETI") operates in two business segments: 1) intellectual property licensing and commercialization; and 2) biomedical research and development which has included the development of the TVEMF device which has been the source of all revenues in the current year.

Basis of Presentation and Principles of Consolidation

The accompanying unaudited interim condensed consolidated financial statements have been presented in accordance with accounting principles generally accepted in the United States of America ("GAAP") for interim financial information and the instructions to Article 8 of Regulation S-X. Accordingly, the financial statements do not include all of the information and notes required by GAAP for complete financial statements. The condensed consolidated financial statements as of March 31, 2015, and 2014 are unaudited; however, in the opinion of management such interim condensed consolidated financial statements reflect all adjustments, consisting solely of normal recurring adjustments, necessary for a fair presentation of the results for the periods presented. The results of operations for the period presented are not necessarily indicative of the results that might be expected for future interim periods or for the full year.

The consolidated financial statements of the Company include the accounts of ETI and IPR as of March 14, 2012; Aviva as of April 2, 2013; and WeHealAnimals as of November 16, 2013. All significant intercompany accounts and transactions are eliminated in consolidation.

Going Concern

These accompanying consolidated financial statements have been prepared assuming the Company will continue as a going concern, which contemplates realization of assets and the satisfaction of liabilities in the normal course of business for a period following the date of these consolidated financial statements. The Company has raised approximately \$212,500 in debt financing for the period January 1, 2015 to March 31, 2015. The Company is raising additional capital through debt and equity securities in order to continue the funding of its operations. However, there is no assurance that the Company can raise enough funds or generate sufficient revenues to pay its obligations as they become due, which raises substantial doubt about our ability to continue as a going concern. No adjustments have been made to the carrying value of assets or liabilities as a result of this uncertainty. To reduce the risk of not being able to continue as a going concern, management has implemented its business plan to materialize revenues from its license agreements, has initiated a private placement offering to raise capital through the sale of its common stock and is seeking out profitable companies. Although, uncertainty exists as to whether the Company will be able generate enough cash from operations to fund the Company's working capital needs or raise sufficient capital to meet the Company's obligations as they become due, no adjustments have been made to the carrying value of assets or liabilities as a result of this uncertainty.

Recent Accounting Standard Updates

The Company is not aware of any recently issued accounting pronouncements that when adopted will have a material effect on the Company's financial position or result of its operations.

Reclassification

The 2014 financial statements have been reclassified to conform to the current year presentation.

Note 4 - Shareholders' Deficit

Reverse Split

On April 28, 2014, we concluded the process of changing our corporate name to Endonovo Therapeutics, Inc. and began trading under the symbol ENDV. The Company enacted a reverse stock split effective May 15, 2014. All share and per share numbers in this report have been adjusted for the reverse stock split.

Common Stock

The Company has entered into consulting agreements with various consultants for service to be provided to the Company. The agreements stipulate a monthly fee and a certain number of shares that the consultant vests in over the term of the contract. The consultant is issued a prorated number of shares of common stock at the beginning of the contract, which the consultant earns over a three-month period. At the anniversary of each quarter, the consultant is issued a new allotment of common stock. In accordance with ASC 505-50 – Equity-Based Payment to Non-Employees, the common stock shares issued to the consultant are valued upon their vesting, with interim estimates of value as appropriate during the vesting period.

The shares of common stock that have vested through January 2013 were valued based on a valuation performed by an independent valuation firm as the Company had no active market for its shares prior to that time. The Company's shares began trading in January 2013; as a result the Company utilized market value for its stock when valuing its common stock for the three months ended March 31, 2013. During the second quarter of 2013, the Company revalued the shares based on low trading volume to \$0.001. During the three months ended March 31, 2015, the Company granted 2,304,286 shares for services performed by consultants and recorded expense of \$2,304.

During the three months ended March 31, 2015, the Company issued 325,000 shares of common stock to the purchasers of notes. The share issuance was valued at \$325.

In addition, during the three months ended March 31, 2015, the Company issued 12,200,592 shares of common stock on the conversion of notes in an amount of \$295,915 and accrued interest of \$32,223.

Endonovo Therapeutics, Inc. and Subsidiaries
Notes to Condensed Consolidated Financial Statements (continued)

Note 5 – Related Party Transactions

From time-to-time officers of the Company advance monies to the Company to cover costs. During the three months ended March 31, 2015, officers advanced \$7,755 of funds to the Company. No repayments were made during the period.

As further illustrated in Note 3, officers of the Company have entered into note payable agreements with the Company. During the quarter ended March 31, 2015, the Company received \$50,000 from an officer. The balance of notes payable from related parties at March 31, 2015 is \$341,000.

Note 6 – Subsequent Events

From April 1, 2015 through May 12, 2015 an aggregate of 1,695,000 shares of restricted common stock were issued as compensation to independent contractors.

From April 1, 2015 through May 12, 2015, the Company issued \$37,500 in notes payable and issued 75,000 shares of its restricted common stock pursuant to a Private Placement Memorandum and private offerings.

From April 1, 2015 through May 12, 2015, the Company issued an aggregate of 43,500 shares of its restricted common stock pursuant to Securities Purchase Agreements.

On May 16, 2015 the Company issued 250,000 shares as part of an extension agreement to Donnie Rudd's \$96,000 Note Payable, which was due and payable on May 15, 2015. As part of the extension, the new due date of the Note is August 15, 2015.

As a result of these issuances the total number of shares outstanding is 98,497,026.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

Cautionary Notice Regarding Forward Looking Statements

The information contained in Item 2 contains forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. Actual results may materially differ from those projected in the forward-looking statements as a result of certain risks and uncertainties set forth in this report. Although management believes that the assumptions made and expectations reflected in the forward-looking statements are reasonable, there is no assurance that the underlying assumptions will, in fact, prove to be correct or that actual results will not be different from expectations expressed in this report.

This filing contains a number of forward-looking statements which reflect management's current views and expectations with respect to our business, strategies, products, future results and events, and financial performance. All statements made in this filing other than statements of historical fact, including statements addressing operating performance, events, or developments which management expects or anticipates will or may occur in the future, including statements related to distributor channels, volume growth, revenues, profitability, new products, adequacy of funds from operations, statements expressing general optimism about future operating results, and non-historical information, are forward looking statements. In particular, the words "believe," "expect," "intend," "anticipate," "estimate," "may," variations of such words, and similar expressions identify forward-looking statements, but are not the exclusive means of identifying such statements, and their absence does not mean that the statement is not forward-looking. These forward-looking statements are subject to certain risks and uncertainties, including those discussed below. Our actual results, performance or achievements could differ materially from historical results as well as those expressed in, anticipated, or implied by these forward-looking statements. We do not undertake any obligation to revise these forward-looking statements to reflect any future events or circumstances.

Readers should not place undue reliance on these forward-looking statements, which are based on management's current expectations and projections about future events, are not guarantees of future performance, are subject to risks, uncertainties and assumptions (including those described below), and apply only as of the date of this filing. Our actual results, performance or achievements could differ materially from the results expressed in, or implied by, these forward-looking statements. We undertake no obligation to publicly update or revise any forward-looking statements, whether as a result of new information, future events, or otherwise.

Overview

Endonovo Therapeutics, Inc. (the "Company" or "END") is comprised of two business segments: (1) a debt portfolio management company and (2) an intellectual property management and commercialization company.

Our intellectual property management and commercialization segment is operated through our wholly-owned subsidiary, IP Resources International, Inc. ("IPR"). IPR focuses primarily on licensing various commercially desirable technologies and patents from companies that need operating capital or that need help commercializing their technology and sublicense such technology in designated territories. This segment acquires exclusive licenses for marketable technology normally without the payment of any upfront license fee to the licensor and thereafter, to sub-license the technology in the designated markets, including Asia, Europe, and Brazil. Our results depend upon our ability to locate available, licensable, and readily marketable technology, to negotiate favorable licenses for such technology, and to sub-license the technology in the designated markets at a sufficient level of volume in an effort to generate maximum revenues.

Our medical device business, which is our present primary focus, is primarily engaged in the development, patenting and regulatory approval of our proprietary square wave form device and therapies.

Going Concern

Our independent registered auditors included an explanatory paragraph in their opinion on our consolidated financial statements as of and for the fiscal year ended December 31, 2014 that states that our ongoing losses and lack of resources causes substantial doubt about our ability to continue as a going concern.

Critical Accounting Policies and Estimates

We prepare our condensed consolidated financial statements in accordance with accounting principles generally accepted in the U.S. (U.S. GAAP). In doing so, we have to make estimates and assumptions that affect our reported amounts of assets, liabilities, revenues, and expenses, as well as related disclosure of contingent assets and liabilities. In some cases, we could reasonably have used different accounting policies and estimates. In some cases, changes in the accounting estimates are reasonably likely to occur from period to period. Accordingly, actual results could differ materially from our estimates. To the extent that there are material differences between these estimates and actual results, our financial condition or results of operations will be affected. We base our estimates on past experience and other assumptions that we believe are reasonable under the circumstances, and we evaluate these estimates on an ongoing basis. We refer to accounting estimates of this type as critical accounting policies and estimates, which we discuss further below.

Use of estimates

In the opinion of management, the accompanying condensed consolidated balance sheets and related interim statements of operations, cash flows, and shareholders' deficit include all adjustments, consisting only of normal recurring items, necessary for their fair presentation in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP"). Preparing financial statements requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, revenue, and expenses. The significant estimates were made for the fair value of common stock issued for services and depreciation and amortization of our long-lived assets. Actual results and outcomes may differ from management's estimates and assumptions.

Revenue recognition

The Company recognizes revenue from its technology licensing and commercialization activities in accordance with paragraph 605-10-S99-1 of the FASB Accounting Standards Codification for revenue recognition. The Company recognizes revenue when it is realized or realizable and earned.

The Company considers revenue realized or realizable and earned when all of the following criteria are met: (i) persuasive evidence of an arrangement exists, (ii) the services have been rendered to the customer and accepted by the customer as completed pursuant to Company's Licensing Agreements, (iii) collectability is reasonably assured. The Company has yet to realize any revenues from its licensing agreements. All of our revenues in the current year are from the sale of the TVEMF device.

Recently Issued Accounting Pronouncements

The Company is not aware of any recently issued accounting pronouncements that when adopted will have a material effect on the Company's financial position or result of its operations.

Revenues

We had \$2,745 in net revenues for the three months ended March 31, 2015 compared to \$17,759 for the three months ended March 31, 2014. We are in an early stage and our revenues will be small and erratic until our operations develop. The growth of our business is dependent on successfully raising additional capital to fund our growth

Operating Expenses

Our operating expenses for the three months ended March 31, 2015 were approximately \$434,000. The operating expenses were comprised primarily from consulting and professional fees for the development of our intellectual property management and licensing activities and expenses related to being a public company. Interest expenses for our debt were approximately \$49,000.

Since inception and through March 31, 2015, the Company has raised approximately \$1,600,000 in equity and debt transactions. These funds have been used to commence the operations of the Company to acquire and begin the development of its license portfolio. These activities include attending trade shows, marketing our licenses and corporate development. Our accompanying condensed consolidated financial statements have been prepared assuming the Company will continue as a going concern, which contemplates realization of assets and the satisfaction of liabilities in the normal course of business for the twelve month period following the date of these condensed consolidated financial statements. The Company has incurred substantial losses since inception. Its current liabilities exceed its current assets and available cash is not sufficient to fund expected future operations. The Company is raising additional capital through debt and equity securities in order to continue the funding of its

operations. However, there is no assurance that the Company can raise enough funds or generate sufficient revenues to pay its obligations as they become due, which raises substantial doubt about our ability to continue as a going concern. To reduce the risk of not being able to continue as a going concern, management has implemented its business plan to materialize revenues from its license agreements and has initiated a private placement offering to raise capital through the sale of its common stock. Although, uncertainty exists as to whether the Company will be able to generate enough cash from operations to fund the Company's working capital needs or raise sufficient capital to meet the Company's obligations as they become due, no adjustments have been made to the carrying value of assets or liabilities as a result of this uncertainty. Our cash on hand at March 31, 2015 was approximately \$25,600. This will only fund operations for a few months if additional capital is not raised. The Company raised an aggregate of approximately \$212,500 through the sale of equity and debt securities during the quarter ended March 31, 2015.

The Company is not aware of any recently issued accounting pronouncements that when adopted will have a material effect on the Company's financial position or result of its operation.

Off-Balance Sheet Arrangements

We have no off-balance sheet arrangements.

Item 3. Quantitative and Qualitative Disclosures About Market Risk.

We are a Smaller Reporting Company and are not required to provide the information under this item.

Item 4. Controls and Procedures.

Disclosure of controls and procedures.

We maintain disclosure controls and procedures that are designed to ensure that information required to be disclosed in our reports, filed under the Securities Exchange Act of 1934, is recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms, and that such information is accumulated and communicated to our management, including our chief executive officer and chief financial officer, as appropriate, to allow timely decisions regarding required disclosure. In designing and evaluating the disclosure controls and procedures, management recognized that any controls and procedures, no matter how well designed and operated, can provide only reasonable and not absolute assurance of achieving the desired control objectives. In reaching a reasonable level of assurance, management necessarily was required to apply its judgment in evaluating the cost-benefit relationship of possible controls and procedures. In addition, the design of any system of controls also is based in part upon certain assumptions about the likelihood of future events, and there can be no assurance that any design will succeed in achieving its stated goals under all potential future conditions. Over time, a control may become inadequate because of changes in conditions or the degree of compliance with policies or procedures may deteriorate. Because of the inherent limitations in a cost-effective control system, misstatements due to error or fraud may occur and not be detected.

As required by the SEC Rule 13a-15(b), we carried out an evaluation under the supervision and with the participation of our management, including our principal executive officer and principal financial officer, of the effectiveness of the design and operation of our disclosure controls and procedures as of the end of the period covered by this report. Based on the foregoing, our principal executive officer and principal financial officer concluded that our disclosure controls and procedures were not effective at the reasonable assurance level due to the material weaknesses described below.

In light of the material weaknesses described below, we performed additional analysis and other post-closing procedures to ensure our financial statements were prepared in accordance with generally accepted accounting principles. Accordingly, we believe that the financial statements included in this report fairly present, in all material respects, our financial condition, results of operations and cash flows for the periods presented.

A material weakness is a control deficiency (within the meaning of the Public Company Accounting Oversight Board (PCAOB) Auditing Standard No. 2) or combination of control deficiencies that result in more than a remote likelihood that a material misstatement of the annual or interim financial statements will not be prevented or

detected. Management has identified the following two material weaknesses which have caused management to conclude that as of March 31, 2015 our disclosure controls and procedures were not effective at the reasonable assurance level:

1. We do not have written documentation of our internal control policies and procedures. Written documentation of key internal controls over financial reporting is a requirement of Section 404 of the Sarbanes-Oxley Act which is applicable to us for the quarter ended March 31, 2015. Management evaluated the impact of our failure to have written documentation of our internal controls and procedures on our assessment of our disclosure controls and procedures and has concluded that the control deficiency that resulted represented a material weakness.

2. We do not have sufficient segregation of duties within accounting functions, which is a basic internal control. Due to our size and nature, segregation of all conflicting duties may not always be possible and may not be economically feasible. However, to the extent possible, the initiation of transactions, the custody of assets and the recording of transactions should be performed by separate individuals. Management evaluated the impact of our failure to have segregation of duties on our assessment of our disclosure controls and procedures and has concluded that the control deficiency that resulted represented a material weakness.

To address these material weaknesses, management performed additional analyses and other procedures to ensure that the financial statements included herein fairly present, in all material respects, our financial position, results of operations and cash flows for the periods presented.

Changes in internal controls over financial reporting.

There has been no change in our internal control over financial reporting that occurred during the fiscal quarter covered by this Quarterly Report on Form 10-Q that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

PART II - OTHER INFORMATION

Item 1. Legal Proceedings.

We are not currently involved in any litigation that we believe could have a material adverse effect on our financial condition or results of operations. There is no action, suit, proceeding, inquiry or investigation before or by any court, public board, government agency, self-regulatory organization or body pending or, to the knowledge of the executive officers of our company or any of our subsidiaries, threatened against or affecting our company, our common stock, any of our subsidiaries or of our companies or our subsidiaries' officers or directors in their capacities as such, in which an adverse decision could have a material adverse effect.

Item 1A. Risk Factors.

We are a Smaller Reporting Company (as defined in Rule 12b-2 of the Exchange Act) and are not required to provide the information under this item.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds.

<u>Number of Common Shares Issued</u>	<u>Source of Payment</u>	<u>Amount</u>
2,304,286	Services	\$2,304
325,000	Note issuance	\$325
177,631	Cash	\$177
12,200,592	Conversion of note	\$328,138

The above issuances of securities during the three months ended March 31, 2015 were exempt from registration pursuant to Section 4(2), and/or Regulation D promulgated under the Securities Act. These securities qualified for exemption under Section 4(2) of the Securities Act since the issuance securities by us did not involve a public offering. The offering was not a “public offering” as defined in Section 4(2) due to the insubstantial number of persons involved in the deal, size of the offering, manner of the offering and number of securities offered. We did not undertake an offering in which we sold a high number of securities to a high number of investors. In addition, these stockholders had the necessary investment intent as required by Section 4(2) since they agreed to and received share certificates bearing a legend stating that such securities are restricted pursuant to Rule 144 of the Securities Act. This restriction ensures that these securities would not be immediately redistributed into the market and therefore not be part of a “public offering.” Based on an analysis of the above factors, we have met the requirements to qualify for exemption under Section 4(2) of the Securities Act for this transaction.

Item 3. Defaults Upon Senior Securities.

None

Item 4. Mine Safety Disclosures.

7. Subsequent Events

From April 1, 2015 through May 12, 2015 an aggregate of 1,695,000 shares of restricted common stock were issued as compensation to independent contractors.

From April 1, 2015 through May 12, 2015, the Company issued \$37,500 in notes payable and issued 75,000 shares of its restricted common stock pursuant to a Private Placement Memorandum and private offerings.

From April 1, 2015 through May 12, 2015, the Company issued an aggregate of 43,500 shares of its restricted common stock pursuant to Securities Purchase Agreements.

On May 16, 2015 the Company issued 250,000 shares as part of an extension agreement to Donnie Rudd's \$96,000 Note Payable, which was due and payable on May 15, 2015. As part of the extension, the new due date of the Note is August 15, 2015.

As a result of these issuances the total number of shares outstanding is 98,497,026.

I, Alan Collier, certify that:

1. I have reviewed this Quarterly Report on Form 10-Q of Endonovo Therapeutics, Inc.;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. The registrant's other certifying officer and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
 - (a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
 - (b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
 - (c) Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
 - (d) Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. The registrant's other certifying officer and I have disclosed, based on our most recent evaluation, to the registrant's auditors and the audit committee of registrant's board of directors (or persons performing the equivalent functions):
 - (a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
 - (b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal controls.
