**Notes to Condensed Consolidated Financial Statements**

**Note 1 - Organization and Nature of Business**

Endonovo Therapeutics, Inc. (Endonovo or the “Company”) is an innovative biotechnology company that has developed a bio-electronic approach to regenerative medicine. Endonovo is a growth stage company whose stock is publicly traded (OTCQB: ENDV).

The Company develops, manufactures, and distributes evolutionary medical devices focused on the rapid healing of wounds and reduction of pain, edema, and inflammation in the human body. The Company’s non-invasive bioelectric medical devices are designed to target inflammation, cardiovascular diseases, chronic kidney disease, and central nervous system disorders (“CNS” disorders).

The Company’s non-invasive Electroceutical® therapeutics device, SofPulse®, using pulsed short-wave radiofrequency at 27.12 MHz has been FDA-Cleared and CE Marked for the palliative treatment of soft tissue injuries and post-operative pain and edema, and has CMS National Coverage for the treatment of chronic wounds. The Company’s current portfolio of pre-clinical stage Electroceutical® therapeutics devices address chronic kidney disease, liver disease non-alcoholic steatohepatitis (NASH), cardiovascular and peripheral artery disease (PAD) and ischemic stroke.

Endonovo’s core mission is to transform the field of medicine by developing safe, wearable, non-invasive bioelectric medical devices that deliver the Company’s Electroceutical® Therapy. Endonovo’s bioelectric Electroceutical® devices harnesses *bioelectricity* to restore key electrochemical processes that initiate anti-inflammatory processes and growth factors in the body necessary for healing to rapidly occur.

**Note 2 – Summary of significant accounting policies.**

*Basis of Presentation and Principles of Consolidation*

The accompanying unaudited interim condensed consolidated financial statements have been presented in accordance with accounting principles generally accepted in the United States of America (“GAAP”) for interim financial information and the instructions to Article 8 of Regulation S-X. Accordingly, the financial statements do not include all of the information and notes required by GAAP for complete financial statements. The condensed consolidated financial statements as of June 30, 2021, and 2020, are unaudited; however, in the opinion of management such interim condensed consolidated financial statements reflect all adjustments, consisting solely of normal recurring adjustments, necessary for a fair presentation of the results for the periods presented. The accompanying financial information should be read in conjunction with the financial statements and the notes thereto in the Company’s most recent Annual Report on Form 10-K, as filed with the Securities and Exchange Commission (the “SEC”) on April 13, 2021. The results of operations for the period presented are not necessarily indicative of the results that might be expected for future interim periods or for the full year.

*Liquidity and Going Concern*

The Company’s unaudited condensed consolidated financial statements are prepared using GAAP applicable to a going concern, which contemplates the realization of assets and liquidation of liabilities in the normal course of business. The Company has not yet established an ongoing source of revenues sufficient to cover its operating costs and allow it to continue as a going concern. The ability of the Company to continue as a going concern is dependent on the Company obtaining adequate capital to fund operating losses until it becomes profitable.

As of June 30, 2021, the Company had cash of approximately \$8,500 and a working capital deficiency of approximately \$19.1 million. During the six months ended June 30, 2021, the Company used approximately \$0.4 million of cash in its operation. The Company has incurred recurring losses resulting in an accumulated deficit of approximately \$57.3 million as of June 30, 2021. These conditions raise substantial doubt as to its ability to continue as going concern within one year from issuance date of these financial statements.

During the six months ended June 30, 2021, the Company has raised approximately \$0.5 million in debt and equity financing. The Company is raising additional capital through debt and equity securities to continue the funding of its operations. However, there is no assurance that the Company can raise enough funds or generate sufficient revenues to pay its obligations as they become due, which raises substantial doubt about our ability to continue as a going concern.

No adjustments have been made to the carrying value of assets or liabilities as a result of this uncertainty. To reduce the risk of not being able to continue as a going concern, management is commercializing its FDA cleared and CE marked products and has commenced implementing its business plan to materialize revenues from potential, future, license agreements, has raised capital through the sale of its common stock, and the issuance of convertible promissory notes.

In March 2020, the World Health Organization declared coronavirus COVID-19 a global pandemic. This contagious disease outbreak, which has continued to spread, and any related adverse public health developments, has adversely affected workforces, economies, and financial markets globally, potentially leading to an economic downturn. It is not possible for the Company to predict the duration or magnitude of the adverse results of the outbreak and its effects on the Company’s business or ability to raise funds.

**Endonovo Therapeutics, Inc. and Subsidiaries**  
**Notes to Condensed Consolidated Financial Statements (continued)**

*Use of Estimates*

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the condensed consolidated financial statements and accompanying notes. Critical estimates include the value of shares issued for services, in connection with notes payable agreements, in connection with note extension agreements, and as repayment for outstanding debt, the useful lives of property and equipment, the valuation of the derivative liability, the valuation of warrants and stock options, and the valuation of deferred income tax assets. Management uses its historical records and knowledge of its business in making these estimates. Actual results could differ from these estimates.

*Earnings (Loss) Per Share*

The Company utilizes Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (“ASC”) 260, “Earnings per Share.” Basic earnings (loss) per share is computed based on the earnings (loss) attributable to common shareholders divided by the weighted average number of shares outstanding for the period excluding any dilutive effects of options, warrants, unvested share awards and convertible securities. Diluted earnings (loss) per common share is calculated similar to basic earnings (loss) per share except that the denominator is increased to include additional common share equivalents available upon exercise of stock option, warrants, common shares issuable under convertible debt and restricted stock using the treasury stock method. Dilutive common share equivalents include the dilutive effect of in-the-money share equivalents, which are calculated based on the average share price for each period using the treasury stock method, excluding any common share equivalents if their effect would be anti-dilutive. In periods in which a net loss has been incurred, all potentially dilutive common shares are considered anti-dilutive and thus are excluded from the calculation. Securities that are excluded from the calculation of weighted average dilutive common shares because their inclusion would have been antidilutive for the six months ended June 30, 2021, include stock options, warrants, and notes payable. The Company has 3,013,730 options and 28,309 warrants to purchase common stock outstanding at June 30, 2021. The Company has 96,533 options and 71,078 warrants to purchase common stock outstanding at June 30, 2020.

The components of basic and diluted earnings per share for the six months ended June 30, 2021, and 2020 were as follows:

*Recently Issued Accounting Pronouncements*

In May 2021, the FASB issued ASU 2021-04, Earnings Per Share (Topic 260), Debt-Modifications and Extinguishments (Subtopic 470-50), Compensation-Stock Compensation (Topic 718), and Derivatives and Hedging-Contracts in Entity's Own Equity (Subtopic 815-40), which addresses issuer's accounting for certain modifications or exchanges of freestanding equity-classified written call options. This amendment is effective for all entities, for fiscal years beginning after December 15, 2021, including interim periods within those fiscal years. Early adoption is permitted. The Company is evaluating the effects, if any, of the adoption of ASU 2021-04 guidance on the Company's financial position, results of operations and cash flows.

In August 2018, the FASB issued ASU No. 2018-13, Fair Value Measurement (Topic 820): Disclosure Framework- Changes to the Disclosure Requirements for Fair Value Measurement. The amendments in this Update modify the disclosure requirements on fair value measurements in Topic 820, Fair Value Measurement, based on the concepts in the Concepts Statement, including the consideration of costs and benefits. Effective for all entities for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2019. The amendments on changes in unrealized gains and losses, the range and weighted average of significant unobservable inputs used to develop Level 3 fair value measurements, and the narrative description of measurement uncertainty should be applied prospectively for only the most recent interim or annual period presented in the initial fiscal year of adoption. All other amendments should be applied retrospectively to all periods presented upon their effective date. Early adoption is permitted upon issuance of this Update. Any entity is permitted to early adopt any removed or modified disclosures upon issuance of this Update and delay adoption of the additional disclosures until their effective date. The Company adopted ASU 2018-13 as of January 1, 2020, and ASU 2018-13 has not had a material impact on the condensed consolidated financial position or results of operations and liquidity.

In August 2020, the FASB issued ASU No. 2020-06 ("ASU 2020-06") "Debt-Debt with Conversion and Other Options (Subtopic 470-20) and Derivatives and Hedging-Contracts in Entity's Own Equity (Subtopic 815-40): Accounting for Convertible Instruments and Contracts in an Entity's Own Equity." ASU 2020-06 simplifies the accounting for convertible instruments by reducing the number of accounting models for convertible debt instruments and convertible preferred stock. Limiting the accounting models results in fewer embedded conversion features being separately recognized from the host contract as compared with current GAAP. Convertible instruments that continue to be subject to separation models are (1) those with embedded conversion features that are not clearly and closely related to the host contract, that meet the definition of a derivative, and that do not qualify for a scope exception from derivative accounting and (2) convertible debt instruments issued with substantial premiums for which the premiums are recorded as paid-in capital. In addition, ASU 2020-06 amends the guidance for the derivatives scope exception for contracts in an entity's own equity to reduce form-over-substance-based accounting conclusions. The Amendments also affects the diluted EPS calculation for instruments that may be settled in cash or shares and for convertible instruments. The amendments are effective for public entities excluding smaller reporting companies for fiscal years beginning after December 15, 2021, including interim periods within those fiscal years. For all other entities, the amendments are effective for fiscal years beginning after December 15, 2023, including interim periods within those fiscal years. Early adoption is permitted, but no earlier than fiscal years beginning after December 15, 2020, including interim periods. The Company adopted the new standard update on January 1, 2021, which did not result in a material impact on the Company's condensed consolidated results of operations, financial position, and cash flows.

The Company has evaluated all the recent accounting pronouncements and determined that there are no other accounting pronouncements that will have a material effect on the Company's financial statements.

**Note 3 - Revenue Recognition**

***Contracts with Customers***

The Company adopted ASC 606, *Revenue from Contracts with Customers* effective January 1, 2019, using the modified retrospective method applied to those contracts which were not substantially completed as of January 1, 2019. These standards provide guidance on recognizing revenue, including a five-step model to determine when revenue recognition is appropriate. The standard requires that an entity recognize revenue to depict the transfer of control of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services.

The Company routinely plan on entering into contracts with customers that include general commercial terms and conditions, notification requirements for price increases, shipping terms and in most cases prices for the products and services that we offer. The Company's performance obligations are established when a customer submits a purchase order notification (in writing, electronically or verbally) for goods and services, and we accept the order. The Company identified performance obligations as the delivery of the requested product or service in appropriate quantities and to the location specified in the customer's contract and/or purchase order. The Company generally recognize revenue upon the satisfaction of these criteria when control of the product or service has been transferred to the customer at which time, the Company has an unconditional right to receive payment. The Company's sales and sale prices are final and our prices are not affected by contingent events that could impact the transaction price.

Revenues for our SofPulse® product is typically recognized at the time the product is shipped, at which time the title passes to the customer, and there are no further performance obligations.

In connection with offering products and services provided to the end user by third-party vendors, the Company reviews the relationship between us, the vendor, and the end user to assess whether revenue should be reported on a gross or net basis. In asserting whether revenue should be reported on a gross or net basis, the Company considers whether the Company acts as a principal in the transaction and control the goods and services used to fulfill the performance obligation(s) associated with the transaction.

***Sources of Revenue***

The Company has identified the following revenues by revenue source:

1. Medical care providers

As of June 30, 2021, and 2020, the sources of revenue were as follows:

	Three Months Ended		Six Months Ended	
	June 30,		June 30,	
	2021	2020	2021	2020
Direct sales- medical care providers, gross	\$ 30,284	\$ 44,631	\$ 64,999	\$ 114,316
Total sources of revenue	\$ 30,284	\$ 44,631	\$ 64,999	\$ 114,316

**Endonovo Therapeutics, Inc. and Subsidiaries**  
**Notes to Condensed Consolidated Financial Statements (continued)**

**Warranty**

Our general product warranties do not extend beyond an assurance that the product delivered will be consistent with stated specifications and do not include separate performance obligations.

**Significant Judgments in the Application of the Guidance in ASC 606**

There are no significant judgments associated with the satisfaction of our performance obligations. We generally satisfy performance obligations upon shipment of the product to the customer. This is consistent with the time in which the customer obtains control of the products. Performance obligations are also generally settled quickly after the purchase order acceptance, therefore the value of unsatisfied performance obligations at the end of any reporting period is generally immaterial.

We consider variable consideration in establishing the transaction price. Forms of variable consideration applicable to our arrangements include sales returns, rebates, volume-based bonuses, and prompt pay discounts. We use historical information along with an analysis of the expected value to properly calculate and to consider the need to constrain estimates of variable consideration. Such amounts are included as a reduction to revenue from the sale of products in the periods in which the related revenue is recognized and adjusted in future periods as necessary.

**Practical Expedients**

Our payment terms for sales direct to distributors are substantially less than the one-year collection period that falls within the practical expedient in determination of whether a significant financing component exists.

*Series AA Preferred Shares*

On February 22, 2013, the Board of Directors of the Company authorized an amendment to the Company's Articles of Incorporation, as amended (the "Articles of Incorporation"), in the form of a Certificate of Designation that authorized the issuance of up to one million (1,000,000) shares of a new series of preferred stock, par value \$0.001 per share, designated "Series AA Super Voting Preferred Stock," for which the board of directors established the rights, preferences and limitations thereof.

Each holder of outstanding shares of Series AA Super Voting Preferred Stock shall be entitled to one hundred thousand (100,000) votes for each share of Series AA Super Voting Preferred Stock held on the record date for the determination of stockholders entitled to vote at each meeting of stockholders of the Company. The Series AA Super Voting Preferred Stockholders will receive no dividends nor any value on liquidation. As of June 30, 2021, there were 25,000 shares of Series AA Preferred stock outstanding.

*Series B Convertible Preferred Stock*

On February 7, 2017, the Company filed a certificate of designation for 50,000 shares of Series B Convertible Preferred Stock designated as Series B ("Series B") which are authorized and convertible, at the option of the holder, commencing six months from the date of issuance into common shares and warrants. For each share of Series B, the holder, on conversion, shall receive the stated value divided by 75% of the market price on the date of purchase of Series B and a three-year warrant exercisable into up to a like amount of common shares with an exercise price of 150% of the market price as defined in the Certificate of Designation. Dividends shall be paid only if dividends on the Company's issued and outstanding Common Stock are paid, and the amount paid to the Series B holder will be as though the conversion shares had been issued. The Series B holders have no voting rights. Upon liquidation, the holder of Series B, shall be entitled to receive an amount equal to the stated value, \$100 per share, plus any accrued and unpaid dividends thereon before any distribution is made to Series C Secured Redeemable Preferred Stock or common stockholders. As of June 30, 2021, 600 shares of Series B are outstanding.

*Series C Convertible Redeemable Preferred Stock*

On December 22, 2017, the Company filed a certificate of designation for 8,000 shares of Series C Secured Redeemable Preferred Stock ("Series C"). Each share of the C Preferred is entitled to receive a \$20.00 quarterly dividend commencing March 31, 2018, and each quarter thereafter and is to be redeemed for the stated value, \$1,000 per share, plus accrued dividends in cash (i) at the Company's option, commencing one year from issuance and (ii) mandatorily as of December 31, 2019. Management determined that the Series C should be classified as liability per the guidance in ASC 480 Distinguishing Liabilities from Equity as of December 31, 2019. On January 29, 2020, the Company filed the amended and restated certificate of designation for its Series C Secured Redeemable Preferred Stock. The amendment changed the rights of the Series C by (a) removing the requirement to redeem the Series C, (b) removing the obligation to pay dividends on the Series C, (c) Allowing the holders of shares of Series C to convert the stated value of their shares into common stock of the Company at 75% of the closing price of such common stock on the day prior to the conversion. The C Preferred does not have any rights to vote with the common stock.

**Endonovo Therapeutics, Inc. and Subsidiaries**  
**Notes to Condensed Consolidated Financial Statements (continued)**

Upon liquidation, the holder of Series C, shall be entitled to receive an amount equal to the stated value, \$1,000 per share, plus any accrued and unpaid dividends thereon before any distribution is made to common stockholders but after distributions are made to holders of Series B.

During the six months ended June 30, 2021, and 2020, the Company converted 25 and 1,041 shares of Series C into 1,111,111 and 2,621,488 shares of common stock. As of June 30, 2021, there are 738 shares of Series C outstanding.

*Series D Convertible Preferred Stock*

On November 11, 2019, the Company filed a certificate of designation for 20,000 shares of Series D Convertible Preferred Stock designated as Series D (“Series D”), which are authorized and convertible, at the option of the holder, at any time from the date of issuance, into shares of common shares. On or prior to August 1, 2020, for each share of Series D, the holder, on conversion, shall receive a number of common shares equal to 0.01% of the Company’s issued and outstanding shares on conversion date and for conversion on or after August 2, 2020, the holder shall receive conversion shares as though the conversion date was August 1, 2020, with no further adjustments for issuances by the Company of common stock after August 1, 2020, except for stock split or reverse stock splits of the common stock. Management classified the Series D in permanent equity as of June 30, 2021.

The Series D holders have no voting rights. Upon liquidation, the holder of Series D, shall be entitled to receive an amount equal to the stated value, \$1,000 per share, plus any accrued and unpaid dividends thereon before any distribution is made to common stockholders. The Company did not issue any shares of Series D in the six months ended June 30, 2021. As of June 30, 2021, there are 305 shares of Series D outstanding.

*Common Stock*

On May 18, 2020, the Company and Cavalry Fund I LP (the “investor”) entered into an Equity Line Purchase Agreement (“ELPA”) pursuant to which the investor committed to purchase, subject to certain restrictions and conditions, up to \$10,000,000 (the “Commitment”) worth of the Company’s common stock, over a period of 24 months from the effectiveness of the registration statement registering the resale of shares purchased by the investor pursuant to the ELPA.

The Company agreed to issue shares of its common stock (the “commitment shares”) to the investor having a market value of 5% of the commitment (\$500,000 and 3,859,630 shares) based on the market price of the shares at the execution of the ELPA to be delivered in three tranches of 385,963 shares on: (i) the execution of the ELPA; (ii) thirty days after the effectiveness of the registration statement to be filed under the RRA (the “registration right agreement” or the “registration statement”), and (iii) 90 trading days after the effectiveness of the registration statement with the balance of the commitment shares to be issued pro-rata over the first \$3,000,000 of puts in accordance with a formula set forth in the ELPA.

The ELPA provides that at any time after the effective date of the registration statement and provided the closing sale price of the common shares on the OTCQB is not below \$0.01, from time to time on any business day selected by the Company (the “Purchase Date”), the Company shall have the right, but not the obligation, to direct the investor to buy up to 300,000 shares of the common stock (the “regular purchase amount”) at a purchase price equal to the lower of: (i) the lowest applicable sales price on the date of the put and (ii) 85% of the arithmetic average of the 3 lowest closing prices for the common stock during the 10 consecutive trading days ending on the trading day immediately preceding such put date. The regular purchase amount may be increased as follows: to up to 400,000 shares of common stock if the closing price of the common shares is not below \$0.25 per share and up to 500,000 shares if the closing price is not below \$0.40 per share.

Under the ELPA the Company has the right to submit a regular purchase notice to the investor as often as every business day. The payment for the shares covered by each put notice will generally occur on the day following the put notice. The ELPA contains provisions which allow for the Company to make additional puts beyond the regular purchase amount at greater discounts to the market price of the common stock as forth in the ELPA.

The ELPA requires the Company to apply at least 50% of the proceeds of puts to the payment of certain variable rate convertible notes issued by the Company. The Company does not anticipate that it will raise any funds under the ELPA.

During the six months ended June 30, 2021, the Company issued 21,490,651 shares of common stock for the conversion of principal notes and accrued interest in the amount of \$374,335.

The Company has issued Variable Debentures which contained variable conversion rates based on unknown future prices of the Company's common stock. This results in a conversion feature. The Company measures the conversion feature using the Black Scholes option pricing model using the following assumptions:

	Six months ended June 30,		
	2021	2020	
Expected term	1 – 4 months		-
Exercise price	\$ 0.012-\$0.028		-
Expected volatility	182%-206%		-
Expected dividends	None		-
Risk-free interest rate	0.07% to 0.13%		-
Forfeitures	None		-

The assumptions used in determining fair value represent management's best estimates, but these estimates involve inherent uncertainties and the application of management's judgment. As a result, if factors change, including changes in the market value of the Company's common stock, managements' assessment, or significant fluctuations in the volatility of the trading market for the Company's common stock, the Company's fair value estimates could be materially different in the future.

The Company computes the fair value of the derivative liability at each reporting period and the change in the fair value is recorded as non-cash expense or non-cash income. The key component in the value of the derivative liability is the Company's stock price, which is subject to significant fluctuation and is not under its control. The resulting effect on net loss is therefore subject to significant fluctuation and will continue to be so until the Company's Variable Debentures, which the convertible feature is associated with, are converted into common stock or paid in full with cash. Assuming all other fair value inputs remain constant, the Company will record non-cash expense when its stock price increases and non-cash income when its stock price decreases.

The following table presents changes in the liabilities with significant unobservable inputs (level 3) for the six months ended June 30, 2021:

	Derivative Liability
Balance December 31, 2020	\$ 4,202,597
Extinguishment	(133,386)
Settlements by debt settlement	(585,857)
Change in estimated fair value	2,420,449
Balance June 30, 2021	\$ 5,903,803

Accounting guidance on fair value measurements and disclosures defines fair value, establishes a framework for measuring the fair value of assets and liabilities using a hierarchy system, and defines required disclosures. It clarifies that fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants in the market in which the reporting entity transacts business.

**Endonovo Therapeutics, Inc. and Subsidiaries**  
**Notes to Condensed Consolidated Financial Statements (continued)**

The Company's balance sheet contains derivative liabilities that are recorded at fair value on a recurring basis. The three-level valuation hierarchy for disclosure of fair value is as follows:

Level 1: uses quoted market prices in active markets for identical assets or liabilities.

Level 2: uses observable market-based inputs or unobservable inputs that are corroborated by market data.

Level 3: uses unobservable inputs that are not corroborated by market data.

The fair value of the Company's recorded derivative liability is determined based on unobservable inputs that are not corroborated by market data, which require a Level 3 classification. A Black Scholes option pricing model was used to determine the fair value. The Company records derivative liability on the condensed consolidated balance sheets at fair value with changes in fair value recorded in the condensed consolidated statements of operation.

The following table presents balances in the liabilities with significant unobservable inputs (Level 3) at June 30, 2021:

	Fair Value Measurements Using			Total
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	
As of June 30, 2021				
Derivative liability	\$ -	\$ -	\$ 5,903,803	\$ 5,903,803
<b>Total</b>	<b>\$ -</b>	<b>\$ -</b>	<b>\$ 5,903,803</b>	<b>\$ 5,903,803</b>

**Note 10 – Commitments and Contingencies**

*Legal Matters*

The Company is a defendant in a case brought by Auctus Fund, LLC seeking to enforce a variable rate dated in August 2019, which was in the original amount of \$275,250 and claiming damages in excess of \$500,000, other unspecified damages and attorney fees. The Company is vigorously defending the action and as filed an answer with counterclaims. While the matter is in its early stages and there are always uncertainties in litigation, management does not believe that the litigation will have a result significantly averse to the Company.

The Company may become involved in various legal proceedings in the normal course of business.

**Note 11 – Concentrations.**

*Sales*

During the six months ended June 30, 2021, we had two significant customers, which accounted for 47% of sales.

*Supplier*

We also have a single source for our bioelectric medical devices, which account for 100% of our sales. The interruption of products provided by this supplier would adversely affect our business and financial condition unless an alternative source of products could be found.

*Accounts Receivable*

At June 30, 2021, we had one customer which accounted for approximately 48% of our account receivable balances.

**Note 12 – Subsequent Events**

Subsequent to June 30, 2021, an aggregate of 2,600,000 shares of restricted common stock were issued on the conversion of \$44,839 of principal and \$7,161 of accrued interest pursuant to one fixed promissory note.

Subsequent to June 30, 2021, an aggregate of 2,500,000 shares of restricted common stock were issued pursuant to consulting agreement.

## Item 2. Management’s Discussion and Analysis of Financial Condition and Results of Operations

### Cautionary Notice Regarding Forward Looking Statements

The information contained in Item 2 contains forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. Actual results may materially differ from those projected in the forward-looking statements as a result of certain risks and uncertainties set forth in this report. Although management believes that the assumptions made and expectations reflected in the forward-looking statements are reasonable, there is no assurance that the underlying assumptions will, in fact, prove to be correct or that actual results will not be different from expectations expressed in this report.

This filing contains a number of forward-looking statements which reflect management’s current views and expectations with respect to our business, strategies, products, future results and events, and financial performance. All statements made in this filing other than statements of historical fact, including statements addressing operating performance, events, or developments which management expects or anticipates will or may occur in the future, including statements related to distributor channels, volume growth, revenues, profitability, new products, adequacy of funds from operations, statements expressing general optimism about future operating results, and non-historical information, are forward looking statements. In particular, the words “believe,” “expect,” “intend,” “anticipate,” “estimate,” “may,” and variations of such words, and similar expressions identify forward-looking statements, but are not the exclusive means of identifying such statements, and their absence does not mean that the statement is not forward-looking. These forward-looking statements are subject to certain risks and uncertainties, including those discussed below. Our actual results, performance or achievements could differ materially from historical results as well as those expressed in, anticipated, or implied by these forward-looking statements. We do not undertake any obligation to revise these forward-looking statements to reflect any future events or circumstances.

Readers should not place undue reliance on these forward-looking statements, which are based on management’s current expectations and projections about future events, are not guarantees of future performance, are subject to risks, uncertainties and assumptions (including those described below), and apply only as of the date of this filing. Our actual results, performance or achievements could differ materially from the results expressed in, or implied by, these forward-looking statements. We undertake no obligation to publicly update or revise any forward-looking statements, whether as a result of new information, future events, or otherwise.

Endonovo’s bioelectric Electroceutical® devices harnesses *bioelectricity* to restore key electrochemical processes that initiate anti-inflammatory processes and growth factors in the body necessary for healing to rapidly occur.

## Going Concern

Our independent registered auditors included an explanatory paragraph in their opinion on our consolidated financial statements as of and for the fiscal year ended December 31, 2020, that states that our ongoing losses and lack of resources causes doubt about our ability to continue as a going concern.

The World Health Organization declared the Coronavirus outbreak a pandemic on March 11, 2020, and in the United States various emergency actions have been taken on the National, State and Local levels. The effects of this pandemic on the Company's business are uncertain.

## Critical Accounting Policies

A summary of our significant accounting policies is included in Note 1 of the "Notes to the Consolidated Financial Statements," contained in our Form 10-K for the year ended December 31, 2020. Management believes that the consistent application of these policies enables us to provide users of the financial statements with useful and reliable information about our operating results and financial condition. The summary condensed consolidated financial statements are prepared in accordance with accounting principles generally accepted in the U.S., which require us to make estimates and assumptions. We did not experience any significant changes during the six months ended June 30, 2021, in any of our Critical Accounting Policies from those contained in our Form 10-K for the year ended December 31, 2020.

## New Accounting Pronouncements

See Note 1 of Notes to Condensed Consolidated Financial Statements for further discussion of new accounting standards that have been adopted or are being evaluated for future adoption.

## Results of Operations

Six Months ended June 30, 2021, and 2020.

	Six Months Ended June 30,		Favorable	
	2021	2020	(Unfavorable)	%
Revenue	\$ 64,999	\$ 114,316	\$ (49,317)	-43.1%

Operating expenses	1,222,475	1,378,194	155,719	11.3%
Loss from operations	(1,160,497)	(1,281,438)	120,941	9.4%
Other expense	(2,817,053)	3,985,205	(6,802,258)	170.6%
Net loss	\$ (3,977,550)	\$ 2,703,767	\$ (6,681,317)	247.1%

## Revenue

Revenue of the Company's SofPulse® product during the six months ended June 30, 2021, was \$64,999, a decrease of \$49,317, or approximately 43%, compared to \$114,316 for the six months ended June 30, 2020.

Revenues for our SofPulse® product is typically recognized at the time the product is shipped, at which time the title passes to the customer, and there are no further performance obligations. Revenue has been negatively impacted by the COVID-19 contagious disease outbreak in March 2020. We anticipate that revenue will increase in future periods as the roll out of the SofPulse® product continues.

### Cost of Revenue

Cost of revenue during the six months ended June 30, 2021, was \$3,021, a decrease of \$14,539 or 82.8% compared to \$17,560 for the six months ended June 30, 2020. Cost of revenue is recognized on those sales recorded as gross for which we are the principal in the transaction as opposed to net sales which reflect no cost of revenue. It is anticipated that cost of revenue will increase in future quarters as the roll out of the SoftPulse® product continues.

### Operating Expenses

Operating expenses decreased by \$155,719 or 11.3%, to \$1,222,475 for the six months ended June 30, 2021, compared to \$1,378,194 for the six months ended June 30, 2020. This change was due primarily to a decrease in consulting fees of approximately \$35k, a decrease in payroll fee by approximately \$88k and commission expenses by approximately \$33k, offset by increase of \$57k in regulatory fees.

### Other Expense/Income

Other expense for the six months ended June 30, 2021, was \$2,817,053 compared an income of \$3,985,205 for the six months ended June 30, 2020. This change was due primarily to a change in valuation of our derivative liabilities of approximately \$8.0 million offset by a decrease of approximately \$0.6 million in interest expense and a decrease of approximately \$0.6 million in loss from debt extinguishment. We anticipate continued large fluctuations in other income/expense as a result of quarterly re-evaluation of derivative liabilities.

Three Months ended June 30, 2021, and 2020.

	Three Months Ended June 30,		Favorable (Unfavorable)	%
	2021	2020		
Revenue	\$ 30,284	\$ 44,631	\$ (14,347)	-32.1%

Loss from operations	(570,053)	(601,826)	31,773	5.3%
Other income (expense)	(726,616)	(1,032,825)	306,209	29.6%
Net income (loss)	\$ (1,296,669)	\$ (1,634,651)	\$ 337,982	20.7%

#### Revenue

Revenue of the Company's SofPulse® product during the three months ended June 30, 2021, was \$30,284, a decrease of \$14,347, or 32.1%, compared to \$44,631 for the six months ended June 30, 2020. Revenues for our SofPulse® product is typically recognized at the time the product is shipped, at which time the title passes to the customer, and there are no further performance obligations. Revenue has been negatively impacted by the COVID-19 contagious disease outbreak in March 2020. We anticipate that revenue will continue to increase in future periods as the roll out of the SofPulse® product continues.

#### Cost of Revenue

Cost of revenue during the three months ended June 30, 2021, was \$500, a decrease of \$10,800 or 95.6% compared to \$11,300 for the three months ended June 30, 2020. Cost of revenue is recognized on those sales recorded as gross for which we are the principal in the transaction as opposed to net sales which reflect no cost of revenue. It is anticipated that cost of revenue will increase in future quarters as the roll out of the SofPulse® product continues.

#### Operating Expenses

Operating expenses decreased by \$35,320 or 5.6%, to \$599,837 for the three months ended June 30, 2021, compared to \$635,157 for the three months ended June 30, 2020. This change was due primarily to a decrease in professional fees of approximately \$34,000, decrease in stock-based compensation of approximately \$35,000, offset by an increase in regulatory fees of approximately \$24,000 and an increase in consulting fees of approximately \$34,000.

#### Other Income (Expense)

Other expense for the three months ended June 30, 2021, was \$726,616 compared to \$1,032,825 for the three months ended June 30, 2020. This change was due primarily to a change in valuation of our derivative liabilities of approximately \$141,000 coupled with a decrease in interest expense of approximately \$144,000. We anticipate continued large fluctuations in other income (expense) as a result of quarterly re-evaluation of derivative liabilities.

Since January 1, 2021, and through June 30, 2021, the Company has raised approximately \$0.5 million in equity and debt transactions. These funds have been used to commence the operations of the Company to acquire and begin the development of its intellectual property portfolio. These activities include attending trade shows and corporate development. Our accompanying condensed consolidated financial statements have been prepared assuming the Company will continue as a going concern, which contemplates realization of assets and the satisfaction of liabilities in the normal course of business for the twelve-month period following the date of these condensed consolidated financial statements. The Company has incurred substantial losses since inception. Its current liabilities exceed its current assets and available cash is not sufficient to fund expected future operations. The Company is raising additional capital through debt and equity securities in order to continue the funding of its operations. However, there is no assurance that the Company can raise enough funds or generate sufficient revenues to pay its obligations as they become due, which raises substantial doubt about our ability to continue as a going concern. To reduce the risk of not being able to continue as a going concern, management is commercializing its FDA cleared and CE marked products and has commenced its business plan to materialize revenues from potential, future, license agreements, has raised capital through the sale of its common stock and is seeking out profitable companies. Our cash on hand at June 30, 2021 was less than \$10,000. This will be insufficient to fund operations if additional capital is not raised. The Company raised an aggregate of \$ 451,000 through the sale of equity and debt securities during the six months ended June 30, 2021.

The Company is not aware of any recently issued accounting pronouncements that when adopted will have a material effect on the Company's financial position or result of its operation.

#### **Off-Balance Sheet Arrangements**

We have no off-balance sheet arrangements.

#### **Item 3. Quantitative and Qualitative Disclosures about Market Risk.**

We are a Smaller Reporting Company and are not required to provide the information under this item.

#### **Item 4. Controls and Procedures.**

##### Disclosure of controls and procedures.

We maintain disclosure controls and procedures that are designed to ensure that information required to be disclosed in our reports, filed under the Securities Exchange Act of 1934, is recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms, and that such information is accumulated and communicated to our management, including our chief executive officer and chief financial officer, as appropriate, to allow timely decisions regarding required disclosure. In designing and evaluating the disclosure controls and procedures, management recognized that any controls and procedures, no matter how well designed and operated, can provide only reasonable and not absolute assurance of achieving the desired control objectives. In reaching a reasonable level of assurance, management necessarily was required to apply its judgment in evaluating the cost-benefit relationship of possible controls and procedures. In addition, the design of any system of controls also is based in part upon certain assumptions about the likelihood of future events, and there can be no assurance that any design will succeed in achieving its stated goals under all potential future conditions. Over time, a control may become inadequate because of changes in conditions or the degree of compliance with policies or procedures may deteriorate. Because of the inherent limitations in a cost-effective control system, misstatements due to error or fraud may occur and not be detected.

As required by the SEC Rule 13a-15(b), we carried out an evaluation under the supervision and with the participation of our management, including our principal executive officer and principal financial officer, of the effectiveness of the design and operation of our disclosure controls and procedures as of the end of the period covered by this report. Based on the foregoing, our principal executive officer and principal financial officer concluded that our disclosure controls and procedures were not effective at the reasonable assurance level due to the material weaknesses described below.

In light of the material weaknesses described below, we performed additional analysis and other post-closing procedures to ensure our financial statements were prepared in accordance with generally accepted accounting principles. Accordingly, we believe that the financial statements included in this report fairly present, in all material respects, our financial condition, results of operations and cash flows for the periods presented.

A material weakness is a control deficiency (within the meaning of the Public Company Accounting Oversight Board (PCAOB) Auditing Standard No. 2) or combination of control deficiencies that result in more than a remote likelihood that a material misstatement of the annual or interim financial statements will not be prevented or detected. Management has identified the following two material weaknesses which have caused management to conclude that as of June 30, 2021, our disclosure controls and procedures were not effective at the reasonable assurance level:

1. We do not have written documentation of our internal control policies and procedures. Written documentation of key internal controls over financial reporting is a requirement of Section 404 of the Sarbanes-Oxley Act which is applicable to us for the quarter ended June 30, 2021. Management evaluated the impact of our failure to have written documentation of our internal controls and procedures on our assessment of our disclosure controls and procedures and has concluded that the control deficiency that resulted represented a material weakness.

2. We do not have sufficient segregation of duties within accounting functions, which is a basic internal control. Due to our size and nature, segregation of all conflicting duties may not always be possible and may not be economically feasible. However, to the extent possible, the authorization of transactions, the custody of assets and the recording of transactions should be performed by separate individuals. The recording of transactions function is maintained by a third-party consulting firm whereas authorization and custody remains under the Company's Chief Executive Officer's responsibility. Management evaluated the impact of our failure to have segregation of duties on our assessment of our disclosure controls and procedures and has concluded that the control deficiency that resulted represented a material weakness.

To address these material weaknesses, management performed additional analyses and other procedures to ensure that the financial statements included herein fairly present, in all material respects, our financial position, results of operations and cash flows for the periods presented.

**Changes in internal controls over financial reporting.**

There has been no change in our internal control over financial reporting that occurred during the fiscal quarter covered by this Quarterly Report on Form 10-Q that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

**PART II - OTHER INFORMATION**

**Item 1. Legal Proceedings.**

We are not currently involved in any litigation that we believe could have a material adverse effect on our financial condition or results of operations. There is no action, suit, proceeding, inquiry or investigation before or by any court, public board, government agency, self-regulatory organization or body pending or, to the knowledge of the executive officers of our company or any of our subsidiaries, threatened against or affecting our company, our common stock, any of our subsidiaries or of our companies or our subsidiaries' officers or directors in their capacities as such, in which an adverse decision could have a material adverse effect.

**Item 1A. Risk Factors.**

We are a Smaller Reporting Company (as defined in Rule 12b-2 of the Exchange Act) and are not required to provide the information under this item.

**Item 2. Unregistered Sales of Equity Securities and Use of Proceeds.**

Number of Common Shares Issued	Source of Payment	Amount
21,490,651	Conversion of notes	\$ 949,743
1,111,111	Conversion of Preferred Series C	33,333

4,020,986	Settlement of debt	142,424
2,500,334	Commitment shares	108,182

The above issuances of securities during the six months ended June 30, 2021, were exempt from registration pursuant to Section 4(2), and/or Regulation D promulgated under the Securities Act. These securities qualified for exemption under Section 4(2) of the Securities Act since the issuance securities by us did not involve a public offering. The offering was not a "public offering" as defined in Section 4(2) due to the insubstantial number of persons involved in the deal, size of the offering, manner of the offering and number of securities offered. We did not undertake an offering in which we sold a high number of securities to a high number of investors. In addition, these stockholders had the necessary investment intent as required by Section 4(2) since they agreed to and received share certificates bearing a legend stating that such securities are restricted pursuant to Rule 144 of the Securities Act. This restriction ensures that these securities would not be immediately redistributed into the market and therefore not be part of a "public offering." Based on an analysis of the above factors, we have met the requirements to qualify for exemption under Section 4(2) of the Securities Act for this transaction.

Certification of Principal Executive Officer and Principal Financial Officer  
Pursuant to 18 U.S.C. 1350  
(Section 302 of the Sarbanes-Oxley Act of 2002)

I, Alan Collier, certify that:

1. I have reviewed this Quarterly Report on Form 10-Q of Endonovo Therapeutics, Inc. for the period ended June 30, 2021;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. I am responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
  - (a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
  - (b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
  - (c) Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
  - (d) Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. I have disclosed, based on our most recent evaluation, to the registrant's auditors and the audit committee of registrant's board of directors (or persons performing the equivalent functions):
  - (a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
  - (b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal controls.
